

Grants Program – Proposal Development Workshop

Proposal development workshop was conducted in Islamabad on November 12, 2008 for the benefit of selected round two applicants. The purpose of Proposal Development workshop was to have meaningful proposals in light of the concept papers, already submitted by the applicants. Fifteen (15) participants from eight different NGOs attended the workshop and participants were oriented in detail on the following:

- a) overview of TACMIL Health Project
- b) objectives of grants program of TACMIL Health Project
- c) clarification of different areas of the required technical proposal
- d) support for the preparation of work plan, monitoring plan and staffing plan
- e) elaboration of requirements for the crafting activity based budget based on activity scheduled in pilot models
